"Learning starts in infancy, long before formal education begins and continues throughout life"

Kendriya Vidyalaya No. 3 Imphal, Leimakhong belief in creating an environment of love, care and trust for its little ones. Being of very tender age, the boys and girls of our Primary section tend to get overwhelmed in School, their first new social setting. So our Primary teachers interacts with them in a compassionate manner, looking after their cognitive, social and emotional needs. The youngsters are at the top of my priority list as I firmly believe a strong academic foundation in the primary years will make them confident learners in the secondary & senior secondary years. I, along with the staff and sub-staff of Kendriya Vidyalaya No.3 Imphal, Leimakhong work towards a holistic development of our students.

I am very proud to present to you all, the CMP quarterly newsletter for October- December. Please enjoy reading it.
