PRINCIPAL I/C

MESSAGE FROM THE PRINCIPAL DESK:- *The aim of education is to produce responsible citizens of a country. Every child is unique. Each child grows at its own unique pace. Some children exceed in academic performance while other exceed in co-curricular activities. To cater to their need, KVS, provides varieties of platform so that the students can maximize their abilities. Enforcement of CMP by KVS plays a vital role in fulfilling the aims and objectives of education. The newsletter is a medium that reflects the achievement of students in numerous activities.*

I would also like to extend my gratitude to Sh. S K Chopdar, D.C. KV Tinsukia region, for his valuable support and guidance.
